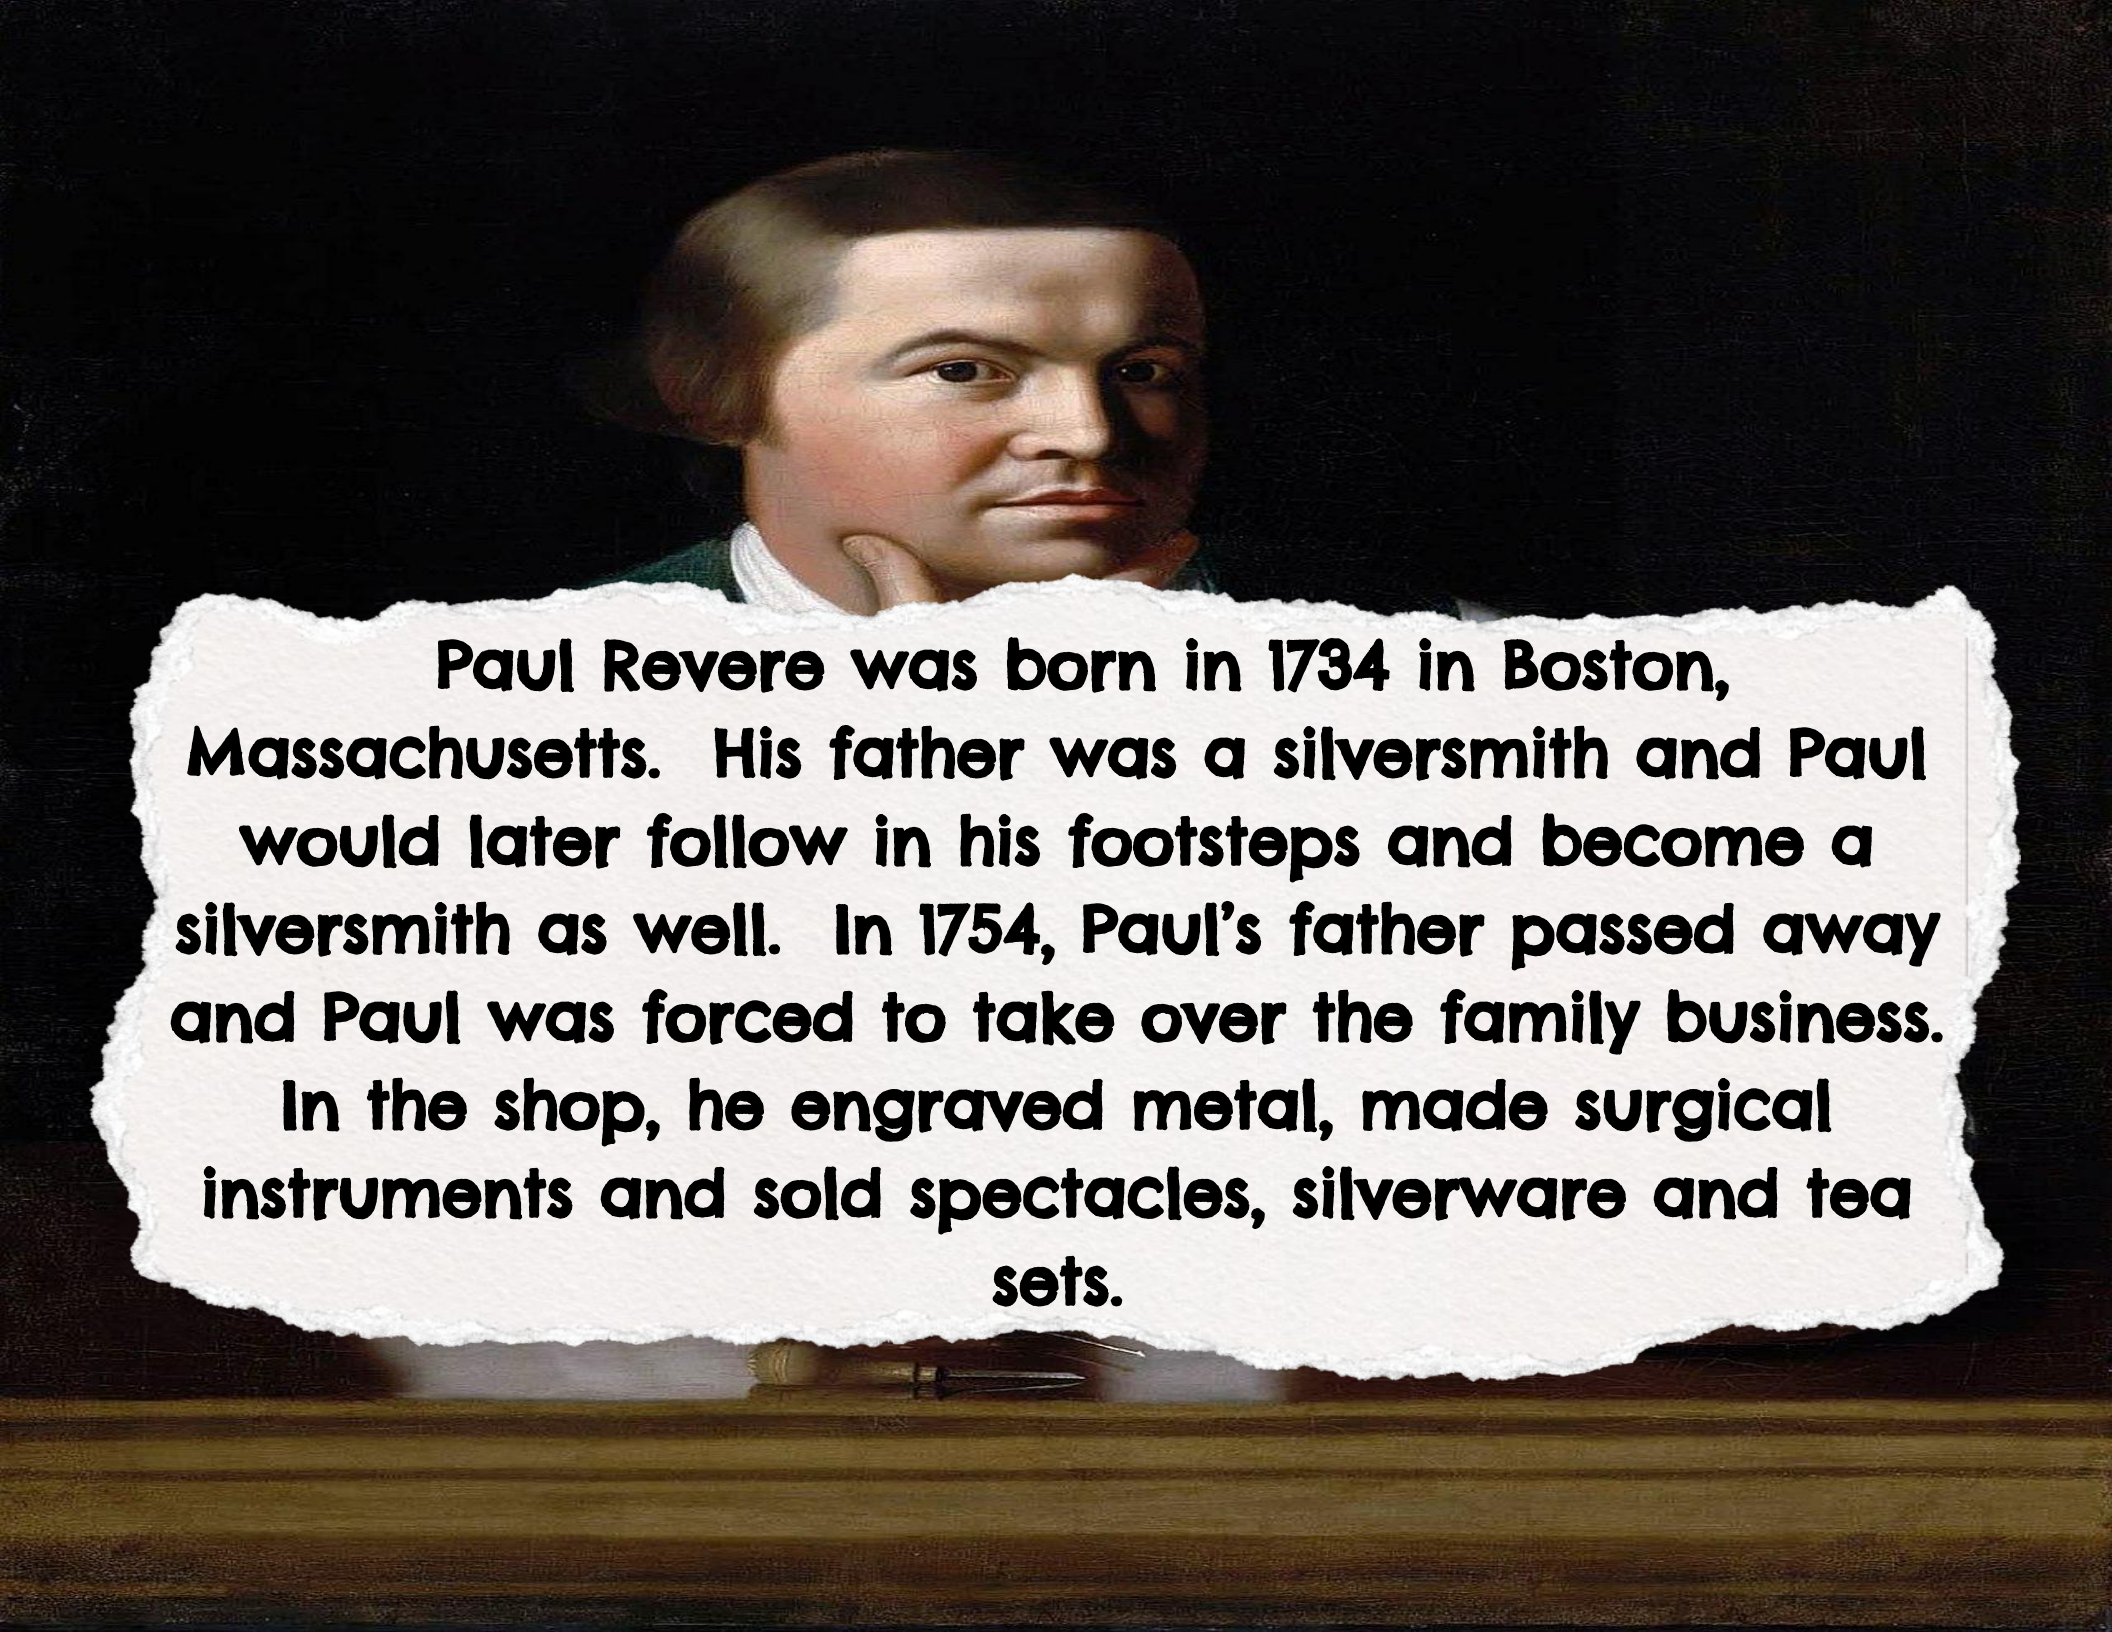
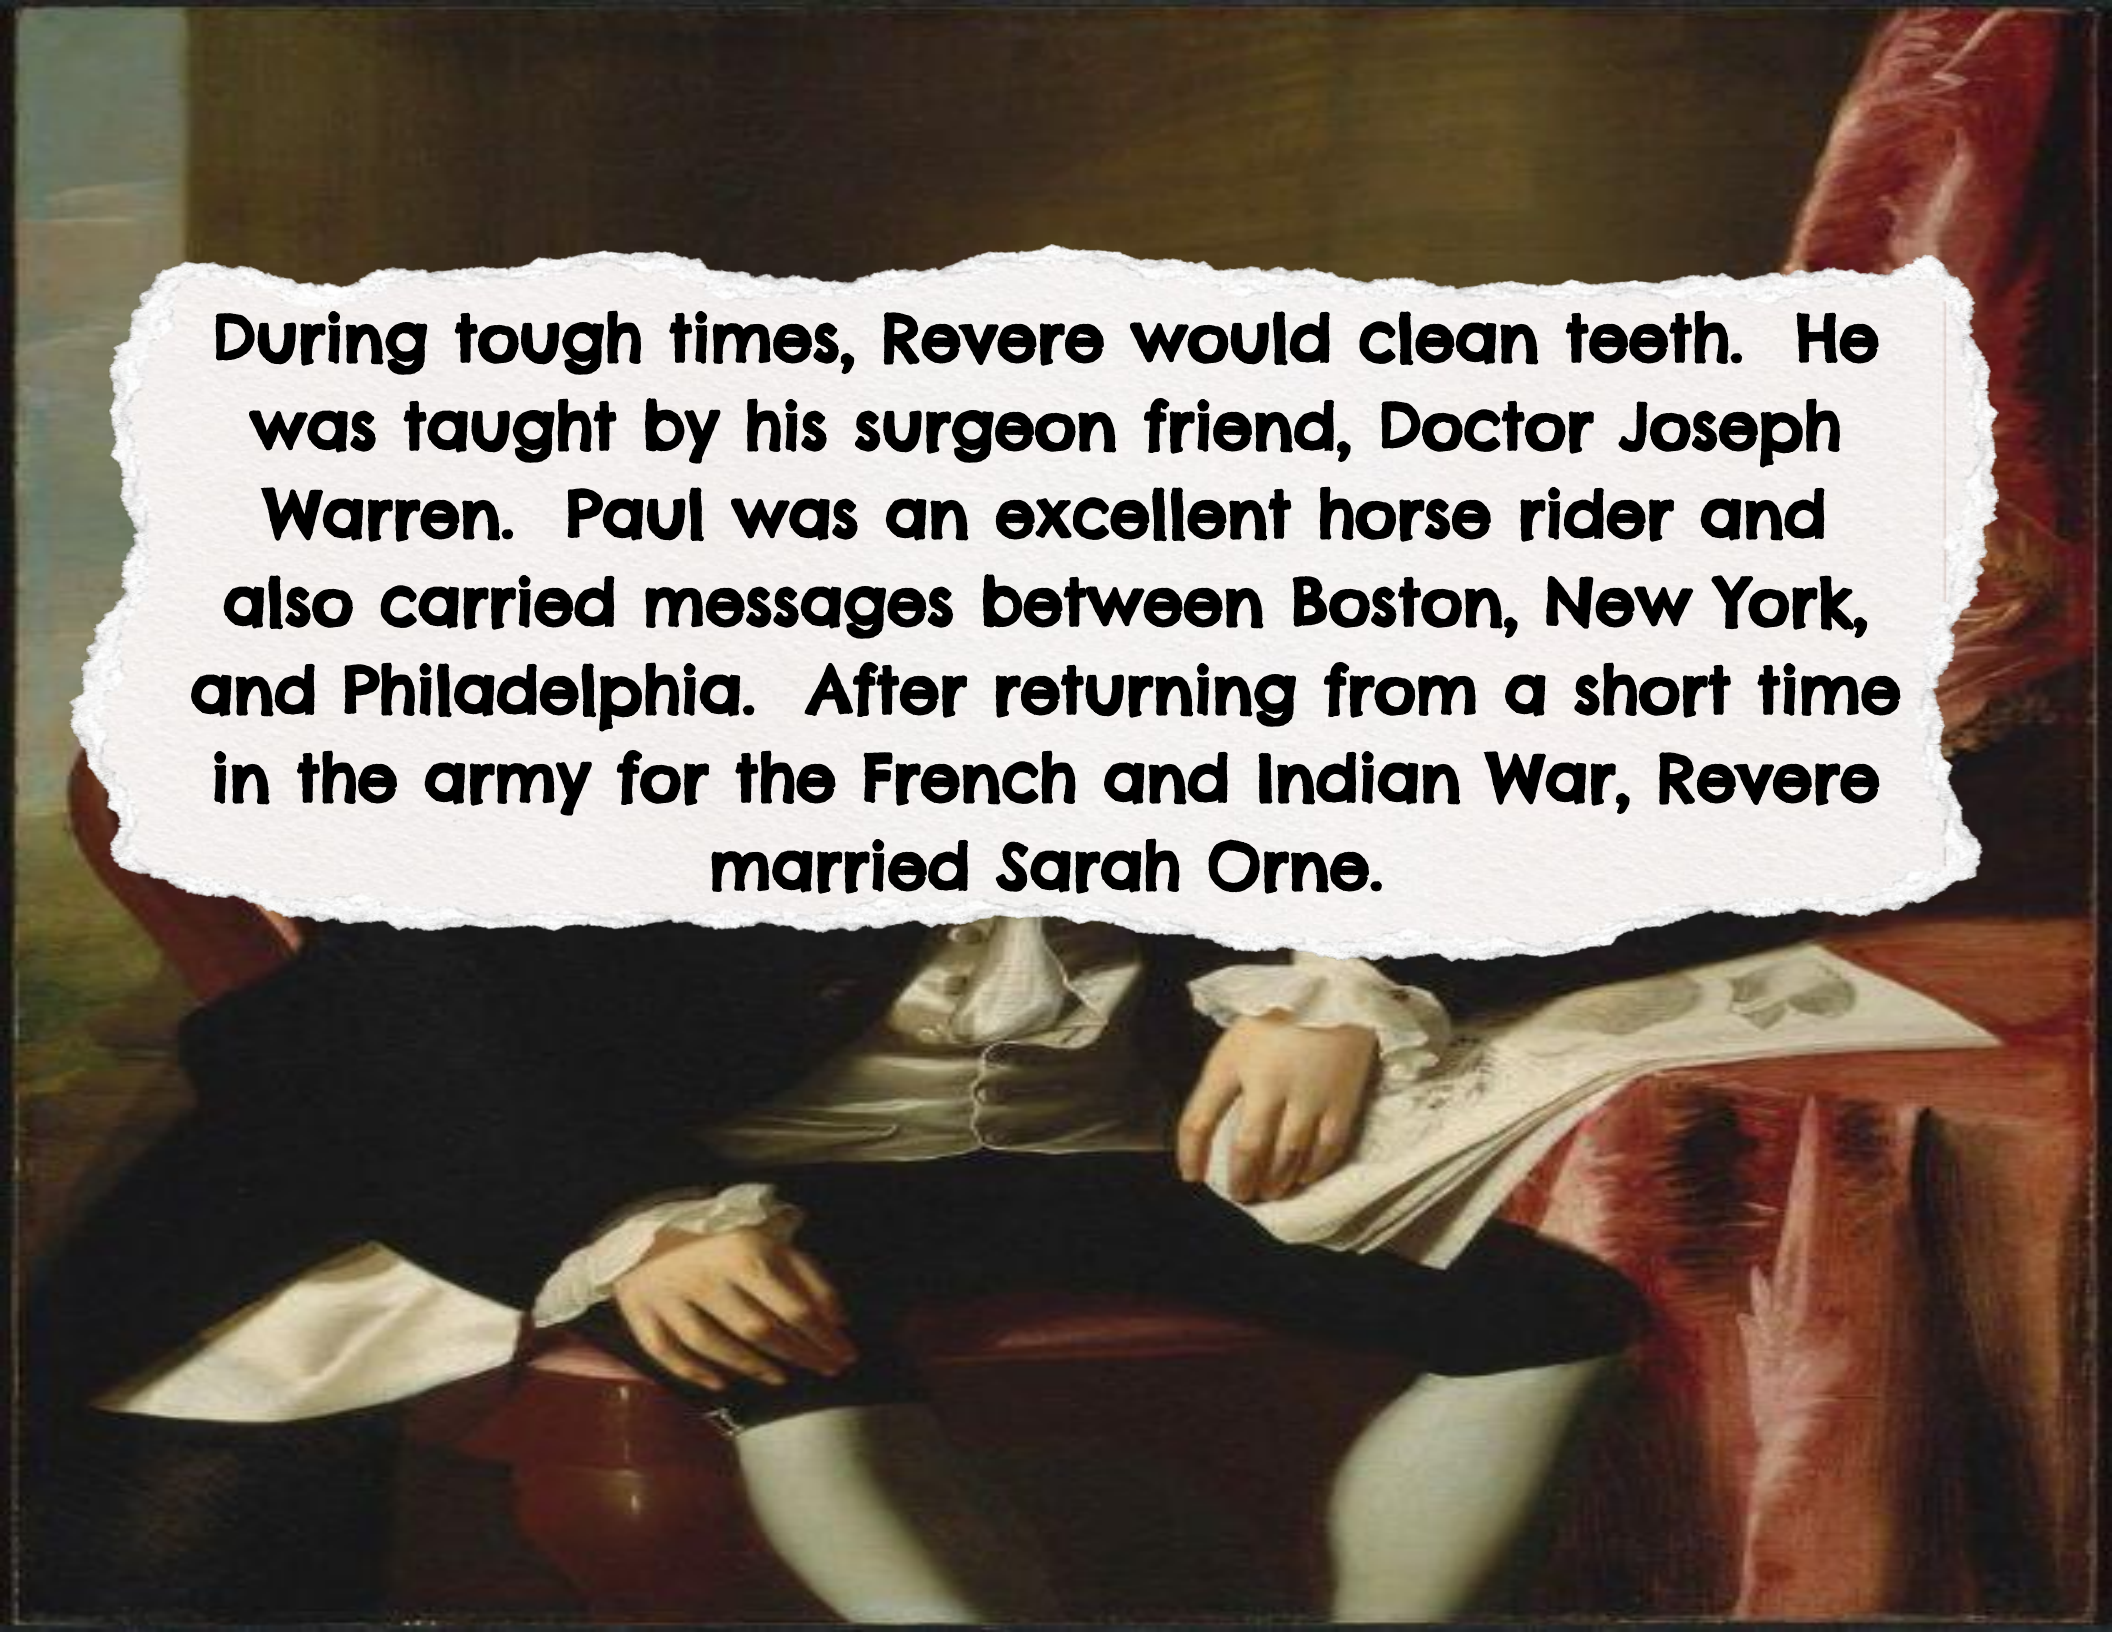
INACCURATE



Paul Revere was born in 1734 in Boston, Massachusetts. His father was a silversmith and Paul would later follow in his footsteps and become a silversmith as well. In 1754, Paul's father passed away and Paul was forced to take over the family business. In the shop, he engraved metal, made surgical instruments and sold spectacles, silverware and tea sets.

Paul Revere was born in 1734 in Boston, New Jersey.



During tough times, Revere would clean teeth. He was taught by his surgeon friend, Doctor Joseph Warren. Paul was an excellent horse rider and also carried messages between Boston, New York, and Philadelphia. After returning from a short time in the army for the French and Indian War, Revere married Sarah Orne.

After returning from a short time in the army for the _____ War, Revere married Sarah Orne.

A. Civil

B. French and Indian

C. Spanish American

Paul Revere became an active member of the Sons of Liberty. The Sons of Liberty was a group of American Patriots who wanted liberty for the colonies. The purpose of the secret society was to protect the rights of colonists and to fight the unfair taxes from the British government. The group organized protests to argue against British rule. Their motto was "No taxation without representation."

Paul Revere became an active member of the Sons of _____.

A. Freedom

B. Justice

C. Liberty
