HAPPY TEACHING!

PREP: Print off the following colour or black and white pages onto card then cut each puzzle to divide them into 3, 4 or 5 strips.

HOW TO USE: The pictures make these puzzles fairly easy to put together so much of a child's focus can be directed towards blending the sounds to read the word. Encourage children to sound out each letter as they put the puzzles together and to sound out the word, with a finger pointing at each letter, when complete.
