Clue # 3

Did you know?

The Great Wall of [illegible] located in Asia.

North America: North [illegible] composed of three major countries: the United States, Mexico and Ca[illegible] contains Greenland, Caribbean islands and other countries for a [illegible] countries. It is the third largest continent. The Missouri River is th[illegible] river in North America. Death Valley in California is almost 300 feet [illegible] level. Canada is the second [illegible] in the world.

[illegible] in America is bordered by th[illegible] to the north, the Atlantic Ocean to the east, and the Pacif[illegible] west and south. The continent is home to a diverse rang[illegible] modern times, immigration has played a big role in sh[illegible] of North America, with people from all over the world bringing [illegible] own customs and traditions. English is the most widely used language.

Australia: Australia is part of a larger area called Oceania or Australasia. It is the smallest continent by size. It is also a country and often referred to as an "Island Continent." The term Oceania refers to a group of island countries and territories in the Pacific Ocean, along with Australia. Oceania is home to some very unique animals such as the koala, the platypus and the kangaroo. Australia lies entirely south of the equator and is called "The Land Down Under." The Great Barrier Reef, which is the largest coral reef in the world, is in Australia.
