

110mb Forum Holic Test V1.0

Recently there are a lot of post about over posting, which inspired me to make this non-spammy post (y or n). This is based of the wikipediholism test.

Here are the rules. I'm going to ask a bunch of yes or no questions, like this

1. Do you use 110mb forum at least once a week? (1)
2. Do you use 110mb forum at least once a day? (10, awesome)
 - Do you use 110mb forum 24/7? (-1000, LIAR!)
- 3.

So if you use 110mb forum at least once a week, you would score 1 point, as indicated by the 1 nexted to the question. If you use it once a day, you would score 11 points, because you answered yes to both question 1 and question 2. The "awesome" is a comment. If you decided to lie and answered yes to 24/7, you will be deducted 1000 points. Basically you can score whatever applies to you.

Basically when ever you see a yes in your case, add the point, or else, ignore the points.

So get out your calculators, be honest, and get set, GO!

Note that if I say 110mb below, I mean 110mb forum
