

SHAME

You, I know you hear me, singing into your ears
You, always wondered how, I come along, on my own
Will I fail now?

You, could never read my heart
My dreams won't fall, no matter where you are
Stop crying to me now
Shouldn't have held me down

I thank you, for all you've done
For all the blame they made me strong
But show, show me love
Make me feel
Ooh

Come and take a look at me I'm not who I used to be
Fear, there's no fear inside, that girl is gone
I'm armed
So fine
Can't hurt me now

You, could never read my heart
My dreams won't fall no matter where you are
Stop crying to me now
Shouldn't have held me down

I thank you, for all you've done
For all the blame they made me strong
But show, show me love
Make me feel
Love's taking over me

You told me I'm weak, I should not dream
Tried to bring me to my knees
Erase my mind and steal my shine
But you can't take away my star
Shame that you can't face yourself
Suffering from your own wickedness
I want to know, what you feel
I want to know

I thank you, for all you've done
For all the blame they made me strong
But show, show me love
Make me feel
Ooh

I thank you, for all you've done
For all the blame they made me strong
But show, show me love
Make me feel
Love's taking over me

FREAK!

I can see it in your eyes
There's no need for words, no not now
You're sending shivers down my spine
And I can't get you out of my mind

Shouldn't let your eyes deceive you
Shouldn't let your passion overwhelm your reason

I easily cry, I get depressed a lot
I'm lost, I can't find my way back home
Oh, help me up I'm drowning in my tears
I feel like a **freak**, won't you help me breath

To bottle up it's not my style
But you don't seem to be surprised
You keep holding onto me
Climbed every wall to get to know me

I easily cry, I get depressed a lot
I'm lost, I can't find my way back home
Oh, help me up I'm drowning in my tears
I feel like a **freak**, won't you help me breath

SOMEONE LIKE YOU

I don't want to cause you so much pain, that even I feel guilty
Even though I try it so hard, I can't shake this feeling away love
Come here, let me dream
Save me, let me bleed
All that I can say now, is I regret for acting thoughtless and now I'm
Sorry for being so cold
Sorry for being a fool

You, I've been waiting for someone like you
I've been waiting for you all alone
I've been waiting for someone like you
I've been waiting for you all alone

I'm confused and it seems to me, that all my thoughts are so complicated
The more you love me, the more I'm afraid and the more I hurt you
I hate to play games
Love me, leave me alone
Touch me, let me go
Sometimes I feel so sad and hopeless
No one can change this circle there's no end
Sorry for being so restless
Sorry for being a fool

You I've been waiting for someone like you
I've been waiting for you all alone
I've been waiting for someone like you
I've been waiting for you all alone
I've been waiting for you all alone

2x

When your arms are around my waist
I only wish you'd stay away
When I feel you're slipping away
I crave for your hand, oh please stay

You I've been waiting for someone like you
I've been waiting for you all alone
I've been waiting for someone like you
I've been waiting for you all alone
You I've been waiting for someone like you
I've been waiting for you all alone
I've been waiting for you all alone
You I've been waiting for someone like you

LOSE CONTROL

I'm lying awake and I can't sleep
My thoughts in my head
They kill me

Feels like I'm lost inside myself
Can't see what's in front of my eyes
Breaking all my rules
Bringing down my walls
I lose, lose control
I won't hide
What lies inside my heart

Everything's a blur and I can't see clear
And I'm trembling, I'm full of fear
Feels like weight of the world are on my shoulders
And I'm screaming underneath

Feels like I'm lost inside myself
Can't see what's in front of my eyes

Breaking all my rules
Bringing down my walls
I lose, lose control
I won't hide
What lies inside my heart

No, I won't hide, what I'm feeling inside

2x
Breaking all my rules
Bringing down my walls
I lose, lose control
I won't hide
What lies inside my heart
