3 Great Classes in Session 2!

1. Invite Your Inner Child to Come Out and Play! We'll be playing a variety of board games during this 3-week session, filling each class with fun and fellowship.
2. Who Are You?? We'll explore the Myers-Briggs during this class, discovering (or rediscovering) various aspects of our personalities and how we relate to others.
3. Everyone is an Artist! We'll look at the concept of approaching art for the purpose of inquiry and spiritual connection, as well as practice letting go of old beliefs about artistic ability in order to experience the joy of discovery and expression through the art process.
