Wedding Photography Price List

Wedding Packages:*

The "Wedding" packages covers all standard weddings -- before the wedding, ceremony and some reception. All **Wedding Packages** will allow for allotted time of the event, at the location provided (with directions) by the client. If the event requires travel beyond the Cincinnati area (more than 45 minutes in any direction), travel fees will be incurred. Any needed accommodations will be paid and provided for by the client.

Images will include before the wedding (*wedding dress, bride getting ready, bridesmaids, groom and groomsmen, flowers, rings, inviation, etc*), the ceremony, and limited photos from the reception (*based on the usually poor lighting conditions of reception environments, the photos will be limited; cake cutting, first dance, toasts, overall crowd*). Each photo will capture the mood and atmosphere of the day. The number of candid portraits and posed portraits with the bride and groom, family, extended family are limited to the chosen package and chosen images (*i.e.; if 35 pictures of family, wedding party, bride/groom portraits are chosen with Package A, there remains only 5 images of any other photo to choose*). The numbers of images taken and presented will outnumber the final photos you are allowed choose; based on the package picked. Each image is meticulously edited and enhanced, bringing out the best qualities of the image (mood, emotion, setting and story).

Package A:

The client will receive no more than 40 finalized images (unless purchased more images as an option).

..... **\$2500**

Package B:

The client will receive no more than 80 finalized images (unless purchased more images as an option).

..... **\$5000**

Any other photography requirement will be priced based on the project and needs of the client. **Call 513.531.4849 or visit wiseacrephoto.com to inquire about any of your other photography needs.**

** All images will first be presented online, at an specific address for the client. If any corrections or changes are necessary (such as choosing between color or B&W), those changes will be made. The final images will be provided on CD or DVD, in high resolution JPG format.*
