About the Speaker

Dr. Tim Bristol is a Nurse Educator and E-Learning Specialist who has taught face-to-face (F2F) and on-line courses in undergraduate and graduate nursing programs. Dr. Bristol has provided faculty development for public and private institutions, facilitated strategic planning for E-Learning, and served as a coach for faculty and administrators. He also assists organizations in developing effective instructional design for F2F, clinical, and lab resource centers.

Registration

To register by mail, send registration form and a check made out to Dodge City Community College to: Rebecca Bredfeldt, MS, ARNP, Director of Allied Health Continuing Education, 2501 N. 14th Avenue, Dodge City, KS 67801 or fax to 620-227-9319.

Continuing Education Credit

DCCC, as an approved provider of continuing education by the Kansas Board of Nursing, offers this program for 6 contact hours each, applicable for relicensure. KSBN.LT00030527.

Special Needs

Call our office and a continuing education representative will contact you to discuss your accommodation needs. In order to assure accommodation, please register at least two weeks before the start of the event. DCCC is committed to equal opportunity for all students, regardless of age, sex, race, color, nationality, ethnic origin, religion, disability or veteran status.

Cancellation Policy

DCCC reserves the right to cancel any workshop that does not meet enrollment quota. Anyone who has pre-registered will receive a full refund in the event the workshop is cancelled. In the event of inclement weather, participants will be notified of cancellation via local radio & television stations.

Special Notice

In consideration of presenters and other participants we ask that you do not bring infants or children. Please do not bring hobbies such as sewing, knitting, crocheting, or letter writing to the program.

Learning Objectives

QSEN: From student to professional

- Describe the basis for QSEN competencies.
- Identify learning strategies that can enhance attainment of QSEN competencies.
- Describe gaps in current curriculum based on QSEN competencies.

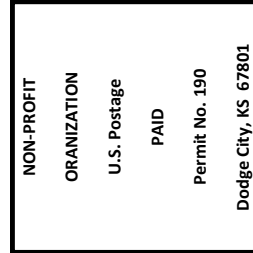

Technology in Nursing Education: Low Tech and High Touch

- Identify educational theories that enhance student outcomes.
- Explore technology that supports evidence-based practice in education and healthcare.
- Develop learning activities that support collaboration of members of the learning environment.
- Manage technology tools with fiscal discernment.
