

No Lewisham Towers Public Meeting

When Friday, 16th July 2010 from 6pm to 8pm

Where St Andrews Church Hall
2 Henson St, Summer Hill (cnr Smith Street)

Why To update the community about recent news and revised plans for a major Part 3A development proposed for our neighbourhood – the industrial site on the corner of Old Canterbury Rd and Longport Sts, Lewisham.

The developer (Demian) who submitted the above 14/15 storey proposal to the State Government in February, 2009, is now active and has a revised plan to show the community. You may have received a flyer from a group called Lewisham Estate Pty.Ltd. This is a rebranded proposal from Demian..

Before the developer begins its full public consultation process in earnest, it's a must to attend this meeting if you want to know what is happening behind the scenes in your community. Hear from invited and expert speakers:

- what the No Lewisham Towers committee has done for and on behalf of the local community
- what they have uncovered in relation to the proposed new plans
- how they differ from the Councils' approved masterplan for the entire McGill Street Precinct
- how the proposed Demian development will affect you and your neighbourhood.

Be there and become informed. Have your say and join other residents in getting active to ensure we get an outcome for our neighbourhood that enhances our community amenity and environment. Sign our online petition (see link) and run off this flyer for friends and neighbours.

If you can't be there be sure to join our facebook page and stay updated via our web site.
