

# **YOU ARE GOD**

Todd Proctor © 2005 Deeper Music

(band out)

**Beyond what eyes can see and minds could ever know**

**Beyond what's right to me and all I would control**

**Transcend the mysteries of You the Holy One**

**So even in the shadows I will sing to You**

**Even in the struggle I will cling to You**

**For You are God, You are God**

**You are God, Your ways are higher**

**Your thoughts are deeper**

**Your reach is farther than I know**

**Sovereign God, through every season**

**For endless reasons**

**I call You worthy, You alone**
