CERTIFICATES

# THIERRY DEWOLF

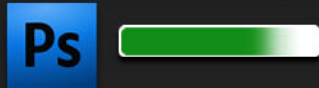

MOTIVATION

I am a well organised, honest, flexible and multi skilled Illustrator with a minimum of 5 years experience in the digital arts an am well able to perform indepently under a lot of pressure without losing sight of my goals and the expectations at hand.

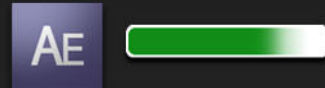

I have proven to have no immediate problem with both working in team as well as in a independent form. I am dedicated to art and always eager to learn more and by thus improving my experience in it. Because of this attitude I am able to create an attractive and especially creative result.
