

CERTIFICATE

This is to certify that

Matthaios Protopapas

attended the COMISEF tutorial

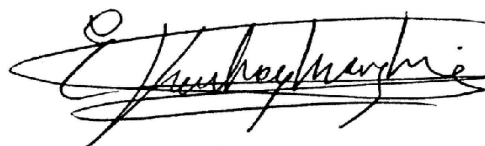

Tutorial on Statistical Model Selection

held 26–28 October 2009 at the Grand Resort Hotel, Limassol, Cyprus

presented by Dr Cristian Gatu, Dr Marc Hofmann, Prof. Stefan Van Aelst,
Prof. Cathy Chen and Prof. Dietmar Maringer.

The topics covered include computational strategies for subset model selection and least trimmed squares, robust strategies, Bayesian model selection, heuristic optimization for model selection and "hands on" sessions.

Limassol, 28 October 2009
