Industrial Parks in Russia

Keys for Success For Industrial Parks in Russia

Keys for Success

**Russia is NOT ONLY natural
resources exporter**

Keys for Success

- Over last 100 years Russia was industrial country
- Crisis in economy changed by periods of unique growth in economy
- 1895-1914 Industrial revolutions
- 1924-1936 Massive industrialization
- 1952-1967 Modernization of economy
- 1999-2007 Active economy growth

Keys of Success

- Unique potential of economy
- Existing examples of successful investment projects
- Regions are actively interested in industrial parks development
- Enormous domestic demand
- Geopolitical place of Russia

Keys of Success

- Federal Government Support
- Region's governments are ready to actively support investment projects
- Soft tax policy
- Unique territory
- Rich natural and human resources
- Private initiative

Industrial Parks

- Safe harbor investments
- Minimization of bureaucracy
- Centers of economic activity and growth

Industrial Parks in Russia are the real instrument for business development
