PRECISION PLUS ULTRASOUND SCANNING

6-7TH JUNE 2024
OR
8-9TH JUNE 2024
OBERON NSW

2 DAY WORKSHOP - INDUSTRY TRAINING

This course is for animal breeders, vets, agricultural contractors and university students who are interested in a practical approach to ultrasonography. It focuses on the theory of ultrasound and the specifics of using the Draminski Ultrasound Equipment.

On completion of this course you will be able to:

- Accurately outline an ultrasound program to get the most from your breeding animals
- Identify the critical pieces of equipment required to undertake scanning of sheep & cattle
- Identify various stages of pregnancy
- Successfully care for and maintain your equipment
