WHAT TEACHERS ARE SAYING:

This has been a great project for my fourth graders to explore more about BAG on their recorders and improvise melodies. Very well structured and sequenced. Thank you!

I printed these as packets for each student, and they are enjoying working their way through. They are little composers and they love it! Thanks!

We had the best time with this product. We used it with 1st grade [...] during our end of the year theme [...] Summer Music Camp. The kids were so proud of what they created!

I was impressed how smooth the process went with the steps broken down the way they were. The kids performed the songs for the parents at our end of the year party and the parents were blown away.

Thank you so much!
