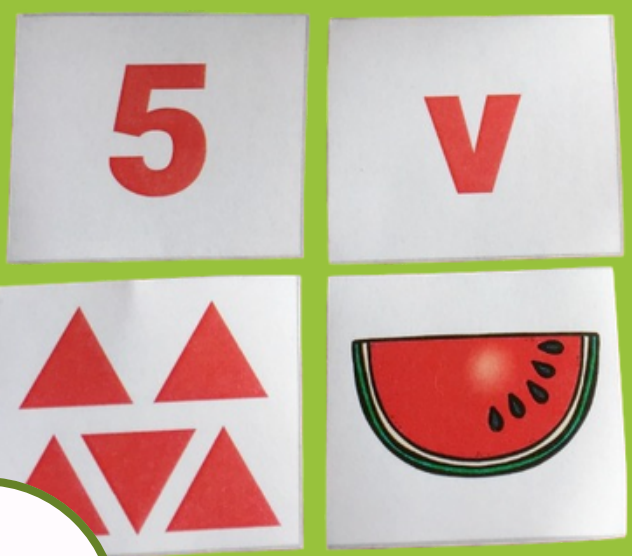
COLORS & NUMBERS

1-6 MATCH



FREE! *including roman numerals*

INSTRUCTIONS

Print off each page onto card. Cut around the dice, fold on the dotted lines, add glue to tabs and fold into cubes. Cut along gray lines on the colored pages to separate each card. Decide if you'd like to separate the cards into groups by type or color so the number of cards is not too overwhelming. Your kids can roll the dice to find out which colour and number they're matching, then find the 4 cards that match. You will probably need to chat about roman numerals before you start!
