WHAT TEACHERS ARE SAYING:

This is a great resource- I used it during my classroom percussion unit, and also put some in my sub tub! I especially like how the students can trace the words.

Perfect for Kindergarten and First Grade!

-Michelle L.

These pages were perfect for my kindergarten classes, especially with the word tracing option!

Also great to use for a sub!

-Morgan D.

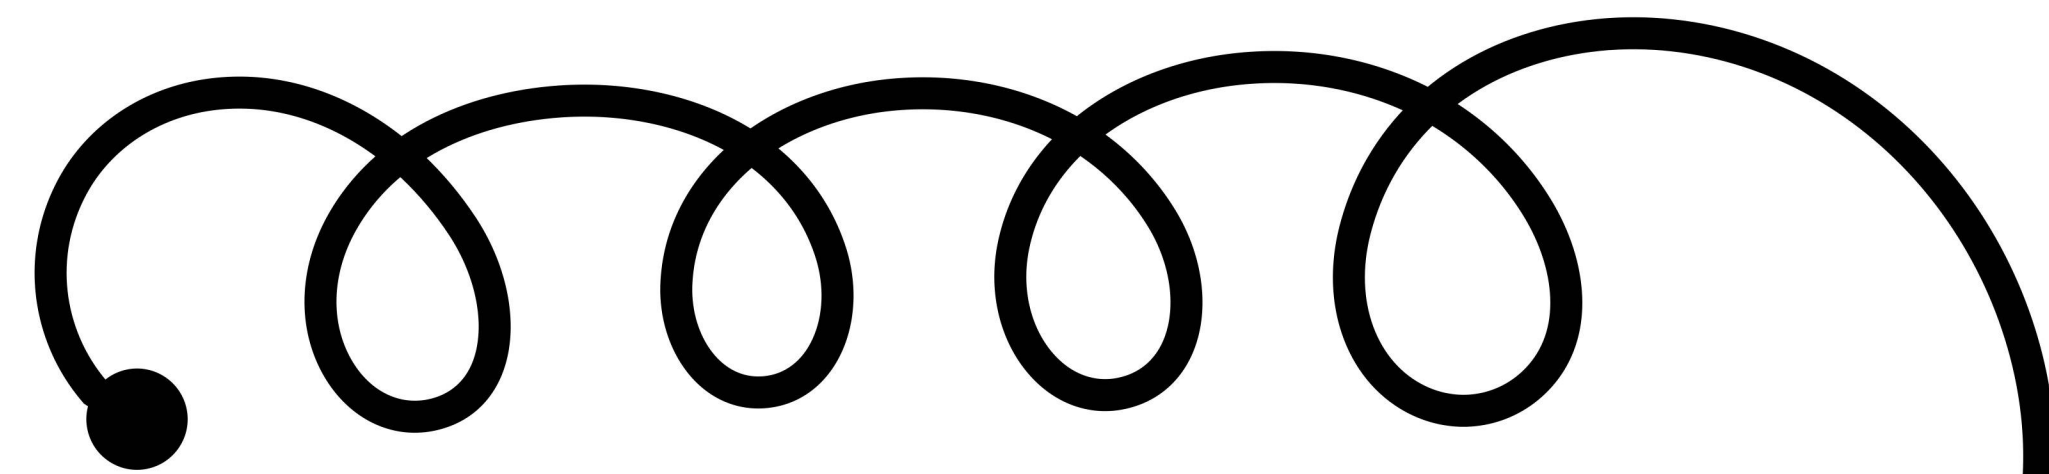

"Started sending these home with my pre-k and the parents LOVE it. They can ask about their child's day and know what they are talking about!"

-Kathryn H.
