# TEACHER NOTES

I hope you enjoy using these calendars with your kids!

Please note that January and October 2023 have 2 versions to give you a choice in formats.

I update these calendars every 6 months to follow both the northern and southern hemisphere school calendar years so you can re-download any future calendars for free on my website.

THIS CALENDAR: WEEKS RUN FROM MONDAY TO SUNDAY. WEEKS RUNNING FROM SUNDAY TO SATURDAY ARE IN A SEPARATE FILE.

Ideas for use:

- Children color the numbers and titles.
- Children add their birthdays and other special days.
- Use as a star chart for behavior or achieving goals such as time spent reading.
- Use during calendar time and for math
- Add dates-to-remember for parents, then kids can color them and take home to put on the fridge!
- Bind a yearly calendar, have your kids decorate it and add important dates, then give it as a gift to parents.

If you would like to purchase an editable version of this calendar - with 6 monthly free updates - you can find them **HERE**.

I hope your children love this monthly calendar!
