PERFECT PASSWORDS

To go onto some websites you need a password. You will not have the same password as anyone else. A password should not be a real word or have any personal information in it. It should have a mix of letters, numbers and symbols. Never give your password to anyone, except your parents or teacher.

Write TRUE or FALSE

1. A good password is "amysmith223". _____
2. Give your password to your best friend. _____
3. A password should have letters, numbers and symbols. _____
4. It is ok to use your address as a password. _____
5. A password should be 8 or more characters. _____
6. A good password is "pc35*etp". _____

STAY SAFE ONLINE

SAFE

NOT SAFE

Telling a stranger your name and address.	You open an email from someone you do not know.
You read funny jokes about elephants.	You get a mean message but you do not tell anyone about it.
You give your phone number to enter a contest.	You ask your dad if you can play an online game.
You print out a Spiderman coloring page.	Your friend wants your password but you tell him no.

I will stay safe online

- ★ I will not meet anyone in person that I met online
- ★ I will only visit sites I know are safe
- ★ I will tell an adult if I see something that upsets me

©2019 by Gold in the Library

I will respect others

- ★ I will be kind, not hurtful
- ★ I will not say mean things
- ★ I will ask before I share a picture or story about someone

©2019 by Gold in the Library

I will protect my privacy

- ★ I will keep personal information to myself
(name, address, phone number, email address, school)
- ★ I will not share my passwords
- ★ I will not post pictures of myself

©2019 by Gold in the Library

I will ask permission

- ★ Before I sign up for something online
- ★ Before giving out my email or other information
- ★ Before downloading something

©2019 by Gold in the Library

I will tell someone

- ★ When I see something online that makes me uncomfortable
- ★ When I see mean or hurtful comments
- ★ When someone is mean to me

©2019 by Gold in the Library

Cyberbullying

When someone is unkind or hurtful to someone else online

- ★ Send mean messages
- ★ Tell lies about the person

If you are being bullied

- ★ Do not reply
- ★ Save every message
- ★ Tell an adult right away

I am a **SUPER** digital citizen!

©2019 by Gold in the Library

I created these posters and activities for younger elementary students. Kindergarten students and some first graders will need extra guidance on how to complete the activities. I tried to make them as simple as possible. The mini book and worksheets cover the same information, they are just in a different format.

Below is an overview of the product:

Page 1: **Private Information**

- Students will color an emoji for each question
- If the information is private information they would color a frown, if it is not private (and ok to share online) they color a smiley face

Page 2: **Perfect Passwords**

- Students will read a brief passage about passwords and what makes a strong password
- Then they will answer 6 true or false questions about passwords

Page 3: **Stay Safe Online**

- Cut and paste worksheet
- Students will cut out the phrases at the bottom and paste them in the correct category (safe or not safe)

Page 4: **Be Respectful Online**

- Top of page: students will answer 4 fill in the blank questions about being respectful and cyberbullying (very simple)
- Bottom of page: a sample message that is written meanly. Students will answer questions about the message (all answers will be circled)

Mini Book

- Cover page (digital safety)
- Page 1: what is safe to share online? Circle the safe things, X out the unsafe things. Words and pictures for each one
- Page 2: what makes a good password? Color the computer red (bad password) or green (good password)
- Page 3: what to do if you are being cyberbullied. Students read and color the pictures
- Page 4: I will follow the digital safety rules (color a picture)

Posters: 6 posters about staying safe online and cyberbullying. There is also a certificate that says "I am a super digital citizen". There are 2 different color versions and 1 black and white that students can color.
