  - Use a bookmark
  - Gently turn pages
  - Use a shelf marker
  - Return books on time
  - Keep books in a safe place
  - Check out just right books
- Misc. posters, come in portrait and landscape orientation
  - Welcome to the library, return books here, check out here, books are due back, library schedule.
- Table signs and group signs (1-8)
- Booked for Birthday posters
  - half page poster with the months of the year on them. I use these for a bulletin board display.

## Editable posters

There are also a set of 10 editable posters included. There are landscape and portrait, some with images on them and some without. They all have the same emoji border on them. They are PowerPoint documents, you must have PowerPoint installed on your computer to open them. The same font that I used is embedded in the document. You do not have to download any fonts to your computer. All you have to do is open the document, click in the text box where it says "edit text" and type in what you want. You can change the font size or color. You can also delete the text box completely if you want or use a different font.

Every poster is shown in the preview. The image quality for the preview is low
