WHAT TEACHERS ARE SAYING:

SO impressed with this set of worksheets! They cover everything from note recognition, geography of the keyboard to scales and chords. I was looking for one item I could use across my piano studio which has a range in age from 5-17. Every student in my studio will have supplemental needs met through this packet. I've often thought "if there was just a worksheet on..." and here it is! Reinforcing harmonic and melodic, sharps, flats, building of chords, etc. This was my first purchase from Melody and I'm more than happy!

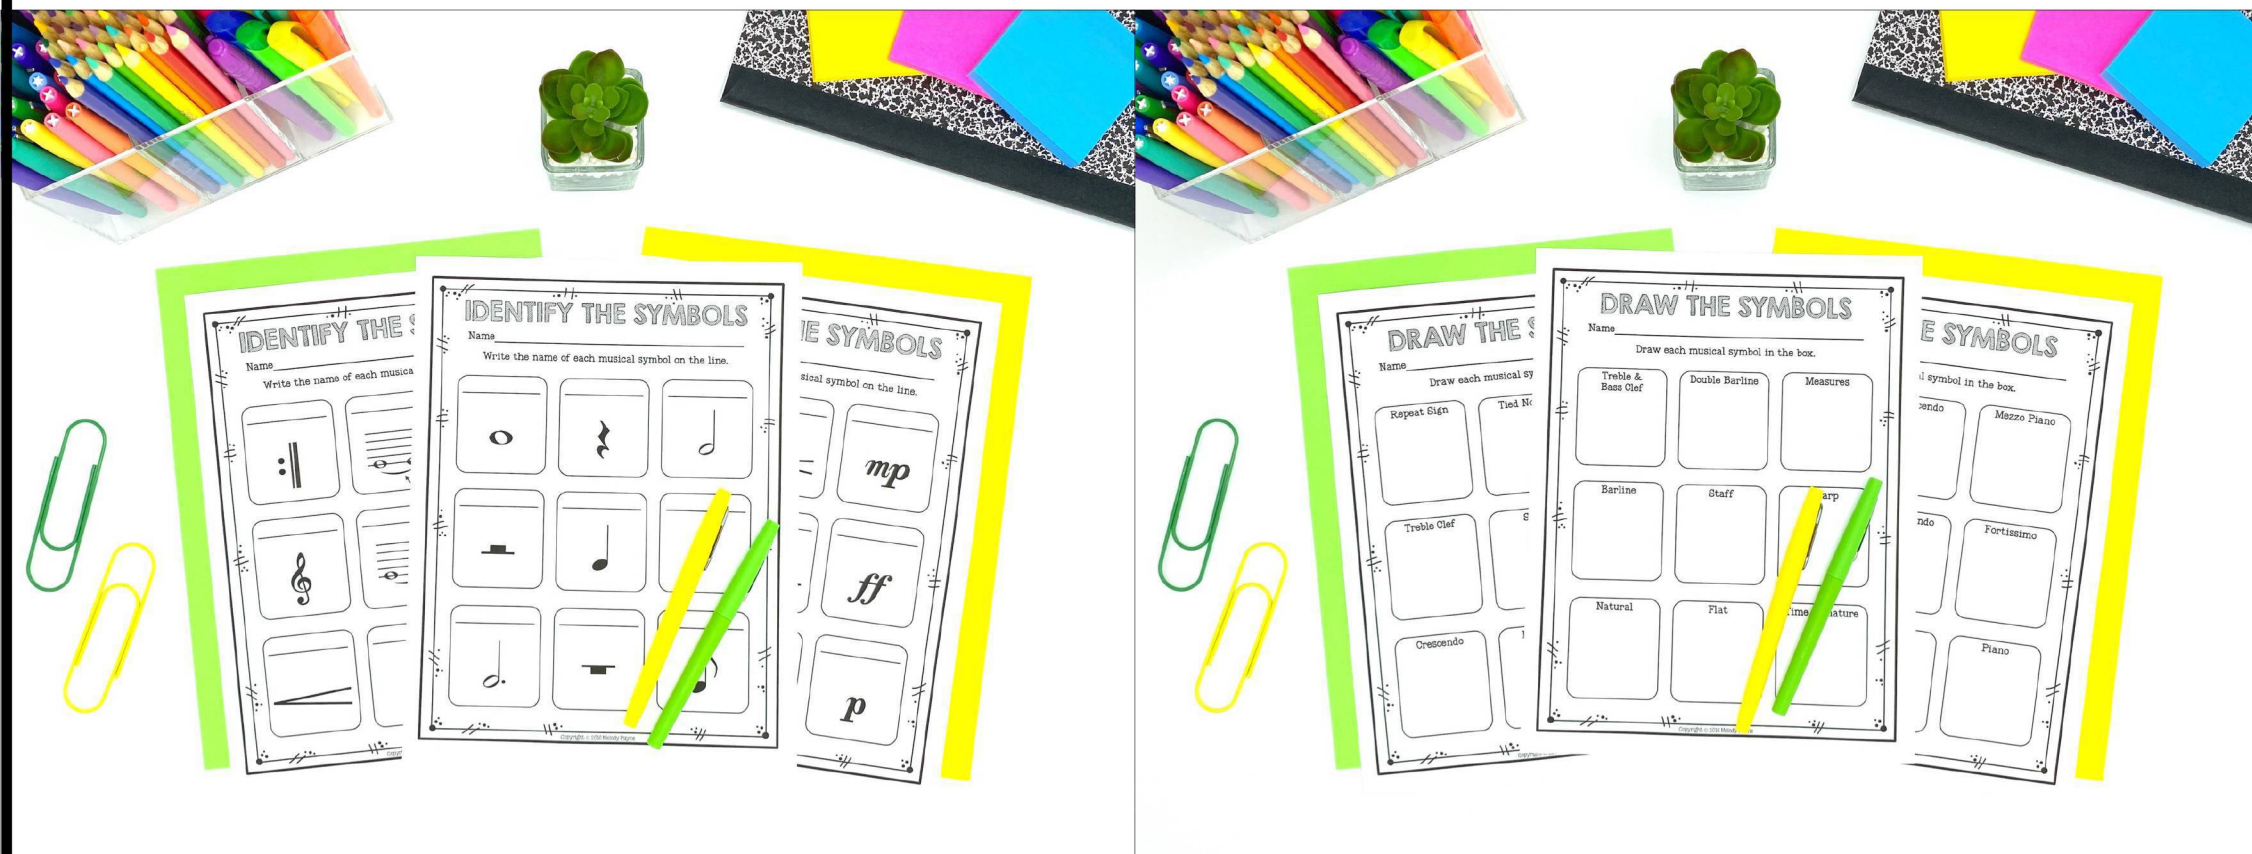

RHYTHM & TIME SIGNATURES

- **12 worksheets with time signature, rhythm syllable, and barline placement practice.**
- **Students draw and write the correct answers.**

MUSIC SYMBOLS

- **9 worksheets allow students to embrace their artistic side.**
- **Students identify or draw the correct symbols.**

WHAT TEACHERS ARE SAYING:

Thank you so much for all of the time you took in creating this! I was not looking forward to creating review worksheets for many of the concepts you've included, and when I saw this, a huge weight was lifted off of my shoulders (and to-do list!). This set will certainly be getting a lot of love this year and for years to come!
