### LITERACY IDEAS

**Focus on one word** from the Cinderella Words book and try to find that word in the reader. Look for the picture first, then think about the starting sound and the length of the word to see if your child can find it.

**Focus on one of the letters** in the Cinderella Words book and, using a highlighter, mark that letter every time they see it in the text and say the sound. Read that word together to see what it sounds like.

**Choose a simple sight word** such as 'to' or 'the' and search the text for them, circling them when they're found.

**Talk about the characters:** this story is too tiny to supply many clues but if your child is familiar with the original story they can probably talk about what kind of people Cinderella, her stepmother and fairy godmother are. What kind of relationship does Cinderella have with her stepmother?

**Talk about the storyline:** this story is just about how Cinderella gets to the ball, can your child tell you more about the story? Why does Cinderella live with her stepmother? Why is she dressed poorly? What's so great about going to a ball? And what happens after she arrives and when the clock strikes midnight?
