

500 Piece Rotary Tool Accessory Kit User Guide

LINEIO
TOOLS

Polishing felt Points, discs and polishing compound

Felt accessories mount on provided mandrel and used along with polishing compound for polishing metals and plastics and producing a high luster finish.

Includes:

- 7 x Polishing felt discs 1/2" diameter
- 2 x Polishing felt discs 1" diameter
- 2 x 1" long felt bobs
- 1 x Screw-on mounting mandrel
- 2 x Polishing compound tubs (high lustre #6 Green)

Cotton Buffing / Polishing Wheel

Can be used with polishing compound to produce a high luster gloss finish on metals and plastics, Mounts on provided Mandrel

Includes:

- 1 x 1" Cotton Buffing wheel
- 1 x Mounting Mandrel: 1/8" shank fits all rotary tools

Plastic Cleaning Wheels

Used for cleaning scrapes on metal, wood and plastics, mounts on Mandrel

Included:

- 4 x Cleaning wheels

Leather Flap Polishing wheels

Used to form a smooth finish, Strobing knife edges and polishing to a high gloss lustre

Included:

- 1 x Mounted Leather Flap wheel
- 1 x leather flap disc, mounts on mandrel

Brass Brushes

Used for cleaning rust and gunk off of metals, softer than steel brushes and do not produce sparks

Steel Brushes

Ideal for heavy duty cleaning and de-burring of metals from rust and debris

Nylon Brushes

Used for light duty dusting and cleaning

Includes:

- 3 x Brass brushes
- 1 x Steel brush
- 2 x nylon brushes

Non-Woven Abrasive Buffs

Impregnated with aluminum oxide grain to offer aggressive cutting ability. useful for removing heavy surface oxidation, ideal for cleaning and scouring oxidation from surfaces, can also be used to produce a matt / satin finish.

Included:

- 2 x Mounted Non-Woven Red abrasive buffs
- 1 x Non-Woven Red abrasive buff Pad, mounts on mandrel

Rubber polishing stones & Wheels

Used for finishing and polishing of all ferrous metals, ideal for removing small burrs and scratches caused by grinding or cutting, also effective for polishing lapidary stones and ceramics.

Included:

- 8 x Assorted shapes rubber polishing stones
- 2 x Rubber polishing wheels, mounts on provided mandrel

Metal Cutting and Grinding Accessories

Aluminum Oxide Grinding Wheels

Ideal for shaping, de-burring, sharpening and grinding Metals, Aluminum oxide wheels.

Comes in 3 colors, pink, white, orange and dark blue. Mounts on provided mandrel

Included:
9x Aluminum Oxide wheels 3/4" diameter

Green Carborundum Grinding wheels

Ideal for use on stones, glass, ceramics, porcelain, non-ferrous metals, for shaping, sharpening and grinding, comes in green color

Included:
6 x carborundum grinding wheels 3/4 inch diameter

Aluminum Oxide Grinding Mounted Stones

Ideal for shaping, de-burring, sharpening and grinding Metals, Aluminum oxide wheels come in 3 colors, pink, white, orange and dark blue Mounted on 1/8" Shanks

Included:
13x Aluminum Oxide Mounted Stones - assorted shapes

Green Carborundum Mounted Grinding stones

Ideal for use on stones, glass, ceramics, porcelain, non-ferrous metals, for shaping, sharpening and grinding, comes in green color.

Included:
7 x carborundum grinding stones mounted on 1/8" shanks

Fiberglass Reinforced Cutting wheels

Designed to cut and slice metals, Fiber reinforced wheels are great for cutting Aluminum & Ceramic tiles as well as other metals.

Included:
10x 1 1/4 inch diameter fiber-reinforced cutting wheels
10x 1 1/2 inch diameter fiber-reinforced cutting wheels

Abrasive Cutting wheels

Designed for cutting and slicing metals, as well as plexiglass and wood

Included:
60 x Cutting wheels 15/16" diameter - 1/32" Thick
60 x Cutting wheels 15/16" Diameter - 1/64" Thick

Dressing Oil Stone

Dressing stones are used for reshaping grinding stones and wheels

Included:
2x Dressing oil Stones

Sanding Drums and Sleeves

Sanding sleeves Slip on sanding drums to be used for sanding and rough shaping.

Works on wood, plastics and fiberglass.

Included:

3 x Sanding Drums of 1/2" , 3/8" and 1/4"
 78x Total Sanding Sleeves:
 26x Sleeves for each diameter - 13 Coarse (60 grit) 13 Fine (120 grit)

Flap Sanders

Use for sanding contoured or texture surfaces, they are most effectively used as a finishing sander after heavier sanding to remove burrs, also great for rounding of edges.

Included:

3x Mounted Flap sanders
 2x Flap Sanding wheels

Rubber Disc holder And Sticky back Sanding discs

To be used for sanding and rough shaping. Works on wood, plastics and fiberglass.

Included:

1 x Rubber Cap holder
 36 x Sticky back Sanding discs

Sanding Discs

3/4" Diameter, Can be mounted on provided mandrel for general purpose sanding. Comes in 3 grits 180 - 220 - 240 Grit.

Included:

36 x Sanding Discs 180 grit
 36 x Sanding discs 220 grit
 36 x Sanding discs 240 grit

Diamond Coated Engraving Burrs & wheels

For engraving, shaping and sharpening and cutting compatible materials, Such as Lapidary stones, marble, ceramics, tile, brick, fiberglass, glass, hardened steel , rock, carbide, gold, platinum, silver, plastic and all types of metals.

Includes:

20 x Diamond Coated burrs

1 x Diamond Coated cutting Wheel (can be mounted on mandrel)

HSS Wood Engraving Cutters & Router Bits

High speed Steel engraving cutter bits and router bits. Can be used on wood for engraving and routing of wooden surfaces.

Included:

2x HSS Wood engraving cutters
2x Routing Bits

Collets

Use to hold bits into the rotary tool

Included:

2 x 1/8" Collet
1 x 1/16" Collet
1 x 1/32" Collet

High Speed Steel Drill bits

HSS drill bits are used for drilling metals, wood, plastics.

Included:

3 x 1/8" HSS Drill Bit
3 x 1/16" HSS Drill Bit
2 x 1/32" HSS Drill Bit

Tightening Wrench

Use to tighten rotary tool chuck when installing bits

Included:

1x Tightening Wrench
