1820	The Missouri Compromise Maine enters as a free state while Missouri enters as a Slave state. It was to create a balance.
1850	The Compromise of 1850 California entered as a free state and the Fugitive Slave act was created.
1854	The Kansas-Nebraska Act Voting to become a free or slave state was left to the territory. Illegal voting occurred. Violence occurred. Became known as "Bleeding Kansas."
1859	John Brown's Raid Abolitionists tried to steal weapons for the slaves to fight for their freedom.
1860	Lincoln's Election Lincoln won the election. This created fear in many southern states that slavery would be abolished.
1861	Fort Sumter The Civil war began with the first shots at Fort Sumter.

**BEST PRACTICES & RESEARCH
BASED RESOURCES**

LOVED BY TEACHERS

"I CANNOT express how much I recommend this resource for EVERYONE. A ton of variety, easy to use, and my students are enjoying the different projects. I used the Flipbook for WWII History facts, I used the Folded Timeline Cards for Science Vocabulary posters. Each student received 1 folded timeline card per vocab word. They were able to write the label "Electric Charge", and draw a picture of something to represent the vocab word, then inside the folded card, they wrote the definition! Very handy and a multi-subject resource. Next year, I will be utilizing this a TON more."

-Mersadies P

"My students loved, loved, loved these. We always create time lines in class but this made it extra fun. It gave students choice and flexibility to make it their own. It was easy to print and go and I plan to use it every year in the future!!!"

-Annie B

"LOVE the variety of different timelines I can use with my students. I also LOVE how these can be incorporated into a variety of subjects. My students actually enjoyed the portion of our social studies test that included the timeline banner they made!"

-Samantha H
