Music doesn't understand languages, so if you're from outside, don't become a barrier to coming to enjoy Camp Festival!

7. PROGRAMME OF ACTIVITIES

The camp has a General Coordinator and a Leisure Director to coordinate the different teams. The team of monitors is responsible for the leisure activities of the camp and for watching over the boys and girls (wake them up, go to sleep, control meals, accompany them to classes and activities, etc). Each monitor is responsible for a group of up to 10 boys and girls as indicated by the current leisure regulations.

The team of teachers is responsible for organizing music classes that are organized in groups of maximum 8-15 people depending on the type of class, grouped according to the age and previous knowledge of each participant.

Types of activities:

Music classes: Every day will have combo class; sets of different instruments formed by groups of maximum 8 people where the repertoire that will play at the Camp Festival concerts is worked. They will also have complementary classes of musical language, harmony and rhythm that will allow you to perfect and improve with your instrument. The repertoire is of modern music.

Workshops: During the camp we will have guests from the music sector. These workshops have a duration different from that of a regular class and allow to complement the curricular activity of the instrument focusing on a specific musical theme.

Concerts: The stay will be full of concerts where young people can participate as artists or as an audience: Concert of teachers, Open Mic Night, Final Concert open to families...
