To edit the awards:

You can edit the awards in PowerPoint or Google Slides. I have included a text box for each of the editable fields (student's name, teacher's name and date). You can also delete the text boxes and use your own font. You can only edit these fields. Nothing else can be edited.

You can share the awards through Google Classroom or SeeSaw, email them to parents or print and hand out in person.

\*\*\*\*\*If you have a certificate you would like added, email me at [stayingcoolinthelibrary@gmail.com](mailto:stayingcoolinthelibrary@gmail.com), and I would be happy to add it for you! Please allow 5-7 days for the custom requests to be added to the file. (Although I can usually fulfill them in under 24 hours). I can also add a student with different abilities or ethnicities. Thank you!

This is a sample of the awards. All the awards have the same format and look. The Google Slides awards are identical to the print and editable PowerPoint awards.
