Place Value Relay

Race Your Way Through **Expanded Form**,
Standard Form, and **Written Form** of Place
Value in this Engaging Game!

Preview Note

This game only requires dice and the materials provided.

Lamination is recommended for repeated use.

It covers a range of place values for differentiation. In the full package there is a page similar to the preview for each place value below:

- *Tens
- *Hundreds
- *Thousands
- *Ten Thousands
- *Hundred Thousands

It covers these skills:

- *standard form
- *values of the place
- *written form
- *expanded form
- *comparing numbers

Written Relay

Directions:

- 1.) Player one rolls the die. Each person chooses a box to place that number in.
- 2.) Player two rolls the die and again each person chooses an empty box to place that number in.
- 3.) This continues until all boxes have a number. The goal is to try to create the smallest number possible.
- 4.) After all players have created a number (all boxes are filled), each player takes the number and writes it in written form on the line of his or her recording sheet.
- 5.) Players trade papers and check the written form to verify it is correct.
- 6.) Every player who has the written form correct and matching the standard form earns a point. Check the box.
- 7.) The player who wrote the smaller number also earns a point. Check the second box.
- 8.) Repeat plays until time is up.
- 9.) At the end of time count up all the points on your recording sheet. The person with the most points wins!
