Create an independent and environmentally friendly yachting experience which combines the silent cruising of a sail boat with the luxury of a motoryacht.

An aerial photograph of a solar yacht on the ocean. The yacht is white with a large array of solar panels on its deck. It is moving from the bottom right towards the top left, leaving a white wake behind it. The water is a deep, dark blue.

THE FUTURE OF
YACHTING IS SOLAR

Embrace the sound of silence
Preserve the purity of the ocean
Experience unprecedented levels of tranquility and pleasure

FACTS CAN'T BE

SILENT 55

THE AWARD WINNING TRAVELLER

In November of 2019, the SILENT 55 won the **"Best of Boats Award"** in the category **"Best for Travel"**.

This specific category is clearly defined as **"suitable for long distance travels with all amenities to live on board permanently, adapted for both inland waters and the tough conditions at sea"**.

The **Front Exit Version** offers guests an additional exit in the front of the salon.

Generally, she can easily be handled by two people, making the SILENT 55 ideal for families cruising with or without additional crew.
