SAVE YOUR PENNIES!

DIRECTIONS

1. The player whose birthday is closest will go first.
2. Place your markers on the board.
3. Roll a die and move your marker that many spaces.
4. When you land on a space, use as few coins as possible to create the amount of money on the space.
5. Have another player check your answer key to see if you are correct. If you are, your turn is over and it's the next person's turn. If you are not correct, you must redo this problem on your next turn.
6. The next player takes his or her turn, repeating steps 3 through 5.
7. The first player to get to "Finish" wins.
