- Other grammar errors?

Set 20

Part 1: Space Exploration

Total mistakes to find: 14

blast off into the exciting world of space travel! On April 12 1961, Yuri Gagarin became the first human to journey to space, orbiting the Earth like a cosmic explorer. Just a few years later, on July 20 1969, Neil Armstrong set foot on the moon, saying the famous words, That's one small step for man, one giant leap for mankind. Since then, astronauts from different countrys have flewed to space aboard high-tech spaceships like the Space Shuttle and the amazing International Space Station (ISS). They conduct experiments, live in space, and explore the mysteries of the universe so, dream big and reach for the star's - who knows, maybe one day, you'll be an astronaut to!

Part 2: Space Exploration

Total mistakes to find: 12

Let's uncover the inspiring story of "Hidden Figures," a team of brilliant mathematician's who made history in the space race! On July 20 1969, when astronauts Neil Armstrong and Buzz Aldrin landed on the moon, there precise calculations were thanks to the amazing work of these hidden heros. Mary Jackson, Dorothy Vaughan, and Katherine Johnson were among the talented minds at NASA they broke barrier's and overcame challenges because they were African American women who faced unfair treatment their calculations and courage help make space travel possible and showed the world that anyone, no matter their background, can reach for the stars!

Paragraph Editing Practice

Directions: Highlight every mistake you can find in the paragraph below.

Part I: The World of Dinosaurs
Total mistakes to find: 14

As the sun rose over the vast prehistoric landscape, a group of explorer ventured into the dense jungle with so much excitement. They could'nt wait to uncover the mysteries of the world of dinosaurs. Suddenly, they stumbl'd upon a clearing where a magnificent Tyrannosaurus rex standed, its enormous jaws wide open. "Look! Exclaimed one of the explorers, pointing at the largst creature he had ever seen. "A T-rex! Its incredible!" The explorer cautiouslee approached the T-rex, their hearts pounding with a mixture of fear and awe. "We must document this discovery" said the team leader, grabbing their notebooks and pens with trembling hands, they sketched the enormous dinosaur and taked notes on its features.
