DIGITAL FOR GOOGLE™ SLIDES

DIGITAL EXIT TICKETS PREVIEW FOR GRADES 3-5

- 26 exit tickets for students in 3rd - 5th grade
- One question per Google slide
- 4 blank slides (with the same design) to add your own text/question.
- These Google slides are not editable.
- I inserted a yellow box in every spot students need to type. I did not insert a text box because I have heard from many customers that they prefer this method instead.
- The call number slides, and the Dewey Decimal slides have movable pieces.
- Some of the topics the exit tickets review: what I learned and how is it important, what I need help with, participation response, vocabulary word I learned, facts I learned, reading response questions, fiction call numbers and the Dewey Decimal System.
- The next three pages shows every slide. Blank slide examples are below.

DIGITAL EXIT TICKETS PREVIEW FOR GRADES 3-5

Today I learned:

It is important because:

#1

Vocabulary word I learned today:

Definition:

Use the word in a sentence.

#2

One fact I learned today

One question I still have

#3

One fact about today's lesson

One opinion about today's lesson

#4

My favorite part about the lesson:

Why I liked it:

#5

1 Three facts I learned today:

#6

Reading selection:

Main characters:

Setting

#7

Reading selection:

Author's purpose:

Evidence:

#8

Reading selection:

Problem:

Solution:

#9

DIGITAL EXIT TICKETS PREVIEW FOR GRADES 3-5

Reading selection:

Connection I made to the text:

#10

Title:

This book is (circle one) FICTION NONFICTION

I know this because:

#11

Describe the reading selection using 5 words.

#12

How was your participation today? Move your answer.
1 = no participation 5 = a lot of participation

How do you know?

#13

Lesson objective:

(highlight your answer)

I understand!

I'm not sure I understand.

I need more help understanding.

Explain your answer:

#14

Reading selection:

Type of genre:

Evidence

#15

Choose one Dewey category

Example book title found in this category:

Choose one Dewey category

Example book title found in this category:

#16

Name three types of library catalog searches:

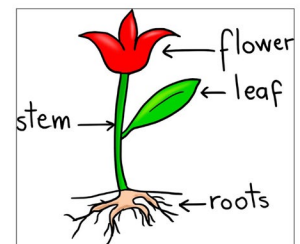

1
