

REVOLUTIONARY WAR BATTLES

ESCAPE ROOM

Station 1: Multiple Choice

6. Where was the Battle of Yorktown?
A. Massachusetts
B. Pennsylvania
C. Maryland
D. Virginia

Station 2: Paragraphs

First, number ALL the paragraphs on your reading passage. Then, read each statement below and determine which paragraph NUMBER the statement can be found in. Paragraph numbers MAY be used more than one time or not at all. Use the directions below to reveal the 4-digit code and letter.

Station 3: True or False

Read each statement below and determine if it is true or false. If the statement is true, color the coin on YOUR answer sheet that corresponds with that question. If the statement is false, cross out that coin value. When you are finished add the TOTAL of ALL TRUE coin values to reveal your letter clue. One digit of the code has been provided for you. If the total is 625, a 6 would go in the first box, the 2 in the second box and so on.

Station 4: Logic Puzzle

The FIRST number of the lock is the number of feet high the redoubt at Bunker Hill was MINUS 6.

The THIRD number of the lock is the year the Revolutionary War began MINUS 1772.

Once you determine the 4-digit code, decide if the code uses all EVEN #s, all ODD #s or a combination of both.

Station 5: Reading Passage

The Battle of Bunker Hill took place in June of 1775 in _____, Massachusetts. Most of the battle was actually fought on Breed's Hill. The British mistakenly thought that Breed's Hill was Bunker Hill. The Massachusetts Congress found out that British commanders were making plans to capture Dorchester and Charlestown. The American colonists decided to build fortified defenses on Bunker Hill. Commanded by General _____, American troops worked throughout the night building a wall _____ high called a redoubt. On June 17, over 2,000 British troops marched to Breed's Hill. As the British advanced, Colonel Prescott wanted to conserve the limited supply of ammunition. When the _____ got close enough the Americans fired heavily, forcing the British to retreat. The British attacked again forcing the Minutemen to eventually retreat.

Once you determine the 4-digit code, decide if the code uses all EVEN #s, all ODD #s or a combination of both.

Station 6: Multiple Choice

7. _____ six feet
8. _____ Whigs
9. _____ Charlestown

Station 7: Multiple Choice

5. Boston
6. Redcoats
7. _____ six feet
8. _____ Whigs
9. _____ Charlestown

Station 8: Multiple Choice

6. How many times you used each letter answer (ABCD) to reveal the 4-digit code and record it on your answer sheet.

0231 1320
J N

Station 9: Multiple Choice

A. The battle that started the Revolutionary War was of Lexington and Concord.
B. The British, led by General Charles Cornwallis, marched to Yorktown.
C. On October 19, 1781, the British general signed the Capitulation, a document stating his surrender.
D. The British mistakenly thought that Breed's Hill was Bunker Hill.

Station 10: Multiple Choice

A. The Treaty of Ghent officially ended the Revolutionary War.
B. The Revolutionary War began in 1773 and ended after nine years and many battles.
C. The British wanted to capture Samuel Adams and John Hancock.
D. The first shot of the war is _____

Station 11: Multiple Choice

A. 80
B. 800
C. 8,000
D. None of the above

Station 12: Multiple Choice

A. 75
B. 25
C. 100
D. _____

Station 13: Multiple Choice

A. _____
B. _____
C. _____
D. _____

Station 14: Multiple Choice

A. _____
B. _____
C. _____
D. _____

Station 15: Multiple Choice

A. _____
B. _____
C. _____
D. _____

Station 16: Multiple Choice

A. _____
B. _____
C. _____
D. _____

Station 17: Multiple Choice

A. _____
B. _____
C. _____
D. _____

Station 18: Multiple Choice

A. _____
B. _____
C. _____
D. _____

Station 19: Multiple Choice

STATIONS ACTIVITY

WHAT'S INCLUDED?

- ✓ READING PASSAGE
- ✓ 5 STATIONS
- ✓ TEACHER GUIDE
- ✓ ANSWER KEY
- ✓ STUDENT DIRECTIONS
- ✓ TEXT MARKING OPTION
- ✓ PROP SIGNS

STATION 1: FILL IN THE BLANK

Use your reading passage to determine the missing words in the paragraph below. Each missing word has a corresponding NUMBER. The 4-digit code for this station will be the NUMBER for each missing word, in the same order in which they appear in the paragraph. Then, record the clue LETTER on your answer sheet.

STATION 2: PARAGRAPHS

First, number ALL the paragraphs on your reading passage. Then, read each statement below and determine which paragraph NUMBER the statement can be found in. Paragraph numbers MAY be used more than one time or not at all. Follow the directions below to reveal the 4-digit code and letter clue.

STATION 3: TRUE OR FALSE

Read each statement below and determine if it is true or false. If the statement is true, color the coin on YOUR answer sheet that corresponds with that question. If the statement is false, cross out that coin value. When you are finished add the TOTAL of ALL TRUE coin values to reveal your letter clue. One digit of the code has been provided for you. If the total is 625, a 6 would go in the first box, the 2 in the second box and so on.

STATION 4: COMBINATION

Use your reading passage to determine the combination to the 4-digit lock for this station. You're going to have to use your critical thinking skills and do a tiny bit of math. Pay attention because the "clues" below are NOT in order. There is room on your answer sheet to do the math.

STATION 5: MULTIPLE CHOICE

Answer each multiple-choice question below. Then, count the number of times you used each letter answer (ABCD) to reveal your 4-digit code. Letters may be used more than once or not at all. If a letter option is not used, put a zero in that box on your answer sheet.

ANSWER RECORDING SHEET

Record your answers for each station on this sheet. Then, use the directions below to determine final 4-digit ALPHA code. Ex: HBDR

3

TEACHER DIRECTION

- 1 Print the reading passage found on [pages 5-6](#) for EACH (front and back).
- 2 Print the answer recording sheet on [page 12](#) for each student group of students.

RECAP: Print pages 5, 6, and 12 for students.

STATION

5

BLUE

THE MISSION

You have been assigned a top-secret mission of utmost importance. A notorious thief has stolen precious gems from a prominent lady, and intelligence reports suggest that they are hidden in a heavily guarded secret vault. In the bustling city of Oakville, Lady Victoria was renowned for her extraordinary

ABOUT THIS ACTIVITY

The reading passage in this packet allows students to practice their comprehension skills after reading the passage. Each station includes a question that will reveal a letter clue.

	OVERVIEW
READING PASSAGE	Students will use the reading passage at each station seeking answers and text evidence.
STATION 1	Students will determine the missing word in the paragraph to reveal a 4-digit code.
STATION 2	Students will number the paragraphs in the reading passage to determine where the missing words can be found (paragraph number). After eliminating the incorrect numbers, a 4-digit code will be revealed.
STATION 3	Students will read each statement and determine if it is true or false.

5 STATIONS

STATION 5: MULTIPLE CHOICE

Answer each multiple-choice question below. Then, count how many times you used each letter answer (ABCD) to reveal the code. Letters may be used more than once or not at all. An option is not used, put **X** in that box on your answer sheet.

1. What was the British Parliament also known as? _____ was the Articles of Confederation signed?
- A. Upper House
B. House of Tories
C. Parliament
D. Kings' Men
2. What does the Battle of the Clouds mean? _____ British arrived in 1775. How many men did they bring with them to fight?
- A. Withdrew
B. Advanced
C. Ambushed
D. Chose
3. Where was the Battle of the Clouds fought?
_____ was the Battle of the Clouds fought?
- A. Massachusetts
B. New Jersey
C. Maryland
D. New Hampshire

Count how many times you used each letter answer to determine the 4-digit code and record it on your answer sheet.

ANSWER RECORDING SHEET

Record your answers for each station on this sheet. Then, use the directions below to determine final 4-digit ALPHA code. Ex: HBDR

STATION CODES	LETTER
STATION 1: [] [] [] [] []	
STATION 2: A B C D E F	
STATION 3: [] [] [] [] []	
STATION 4: [] [] [] [] []	
STATION 5: [] [] [] [] []	

Do your math in this area:

① ② ③ ④ ⑤ ⑥

A# [] B# [] C# [] D# []

STATION 4: COMBINATION

Use your reading passage to determine the combination to the 4-digit lock for this station. You're going to have to use your critical thinking skills and do a tiny bit of math. Pay attention because the "clues" below are NOT in order. There is room on your answer sheet to do the math.

- The number of British soldiers who died at the Battle of Yorktown was 200. _____
- The SECOND number in the lock is _____
- _____ was the year the Treaty of Paris was signed.
- The lock is _____
- The lock is _____
- _____ is _____
- _____ is _____
- _____ is _____
- _____ is _____

Once you determine the 4-digit code, decide if the code uses all EVEN #s, all ODD #s or a combination of both.

STATION 2: PARAGRAPHS

First, number ALL the paragraphs on your reading passage. Then, read each statement below and determine which paragraph NUMBER the information can be found in. Paragraph numbers MAY be used more than once or not at all. Follow the directions below to determine the 4-digit code and letter clue.

- A. The battle that started the Revolutionary War was the Battle of Lexington and Concord.
- B. The British, led by General Charles Cornwallis, marched south to Yorktown.
- C. On October 1, 1781, the British signed the Articles of Capitulation.
- D. The British marched south to Yorktown.
- E. After the French and British evacuated the colonies.
- F. Some of the American militia were called Minutemen because they were ready to fight with a minute's notice.

1. ELIMINATE the highest and lowest used paragraph numbers and record the remaining 4-digit code on your answer sheet. 2. Decide which paragraph number was NOT used as a CODE answer.

NO 3	NO 6	NO 5
L	C	S

STATION 1: FILL IN THE BLANKS

Use your reading passage to determine the missing words in each paragraph below. Each missing word has a correct NUMBER. The 4-digit code for this station will be the NUMBER of each missing word in order in which they appear in each paragraph. The code will be recorded on your answer sheet.

1. Prescott was killed at the Battle of _____.
2. Patriots were called _____.
3. Boston was _____.
4. Sherman was _____.
5. Redcoat was _____.
6. nine feet _____.
7. six _____.
8. _____.
9. _____.

Once you determine the 4-digit code, decide if the code uses all EVEN #s, all ODD #s or a combination of both.

ALL EVEN	ALL ODD	COMBO
B	H	M

STATION 3: TRUE OR FALSE

Read each statement below and determine if it is true or false. If the statement is true, color the coin on YOUR answer sheet that matches with that question. If the statement is false, cross out that coin. Once you are finished with all the statements, add the value of the TRUE coin values together to determine the 4-digit code. One digit is provided for you. Example: If the coin values are 25, 100, 75, and 50, the code would be 275.

- A. The Battle of the Clouds was the first battle of the Revolutionary War.
- B. The Revolutionary War began in 1773 and lasted for nine years and nine months.
- C. _____ was the first battle of the Revolutionary War.
- D. _____ was the "shot heard 'round the world".
- E. _____ was the first battle of the Revolutionary War.
- F. _____ was the first battle of the Revolutionary War.
- G. _____ was the first battle of the Revolutionary War.
- H. Colonel Prescott wanted to conserve the limited supply of ammunition.

After shading the coins on your answer sheet, add the value of the TRUE statements to get the final total.

275	300	3
G	D	

STATIONS

ABOUT THIS ACTIVITY

The reading passage in this packet allows students to work on comprehension skills after reading the passage several times searching for evidence. Each station includes a 4-digit code that will reveal a letter clue.

OVERVIEW

READING PASSAGE	Students will use the reading passage at EACH station seeking answers and text evidence.
STATION 1	Students will determine the missing words in the paragraph to reveal a 4-digit code.
STATION 2	Students will number the paragraphs and browse the passage to determine where the answers can be found (paragraph number). After eliminating numbers, a 4-digit code will be revealed.
STATION 3	Students will read each statement and determine if it is true or false. They will then ADD all TRUE values to find the 4-digit code.
STATION 4	Students will do some basic math here, read the passage to find the answers and then determine the 4 digit code.
STATION 5	Students will answer 6 multiple choice questions which lead them to a 4 digit code based on the number of times they used each "ABCD" answer.
TEXT MARKING	OPTIONAL: A color code chart is included in case you want students to mark the text, citing evidence of where they found their answers. (This will increase completion time)

**STUDENTS WILL
USE THE SAME
READING
PASSAGE AT
EACH STATION
SEEKING
ANSWERS AND
TEXT EVIDENCE.**

HOW IT WORKS

ENGAGING READING
COMPREHENSION PRACTICE!

- 1 Students work individually (or in pairs) and visit 5 stations, answer questions, decipher a 4-digit code at each station and grab a "letter" clue for the final alpha code.
- 2 Students will answer the questions (found directly in the passage) on their own recording sheet. Students will have to revisit their reading passage several times at EACH station skimming for answers.

STATION 1: FILL

Use your reading passage to determine the missing word in each paragraph below. Each missing word is represented by a NUMBER. The 4-digit code for this station is _____. Write the number for each missing word, in the same order as the numbers in the paragraph. Then, record the clue L

1	Prescott	4	Sherman
2	Patriots	5	Redcoats
3	Boston	6	nine feet

The Battle of Bunker Hill took place in Massachusetts. Most of the battle was fought on Bunker Hill. The British mistakenly thought that the British were making plans to capture Dorchester. The Massachusetts Congress found out and were making plans to capture Dorchester. American colonists decided to build fort Bunker Hill. Commanded by General _____, American soldiers spent the night building a wall _____ throughout the night building a wall _____ June 17, over 2,000 British troops marched on Bunker Hill. British advanced, Colonel Prescott wanted to capture the supply of ammunition. When the _____ got to the top of the hill, the Americans fired heavily, forcing the British to retreat. The British attacked again forcing the Minutemen to _____

Once you determine the 4-digit code for this station, use all EVEN #s, all ODD #s or a combination of even and odd numbers to determine the letter clue.
