# 6 PASSAGES

The first Monday of September is the annual observation of Labor Day. Labor Day is a national holiday in the United States which celebrates American workers and employees as well as their economic achievements that have helped the country prosper.

Labor Day will be celebrated by families all over with barbecues, travel, picnics and sporting events. Most government offices, schools, and businesses will be closed. For younger Americans, the holiday signifies the end of summer and the back-to-school jitters.

Many believe that the idea of Labor Day was proposed by either Matthew Maguire or Peter McGuire. Matthew was a machinist and Peter was a carpenter. Peter McGuire was the co-founder of the American Federation of Labor and Matthew Maguire served as the secretary of the Central Labor Union. Peter had once been to a Labour Day celebration in Canada, which sparked his interest.
