6 PASSAGES

The Seven Years' War, fought in Europe, involved major global powers, including Britain, France, Austria, and Prussia. The French and Indian War (part of the Seven Years' War) was fought between Britain and France as well but spread to North America and was fought over territory and trade. The fighting that took place in North America is known as the French and Indian War.

The name of the French and Indian War is a bit misleading. The war was actually fought between the French and the British, both having Native American allies. An alliance is a union formed that agrees to work together for a mutual benefit. The French allied with the Shawnee, Lenape, Ojibwa, Ottawa, and the Algonquin. The British allied with the Iroquois, Catawba, and Cherokee. The area that the French colonies occupied was known as New France. When France expanded into the Ohio River area, Britain declared war.
