

ALEXANDER HAMILTON

DIGITAL ESCAPE™

6 PASSAGES

Alexander Hamilton was lawyer, military man, and Founding Father of the United States. As one of the most influential Fathers, he was a firm supporter of a powerful federal government and played an essential role in ratifying (approving) the U.S. Constitution.

Alexander Hamilton was born either 1755 or 1757 (no one knows for sure) on the Caribbean island of Nevis. Hamilton's father left the family when he was young, leaving his mother Rachel to raise him and his older brother James Jr. on her own. Hamilton's early years were marked by poverty and instability. His mother worked as a seamstress and maid to support the family, but she struggled with mental illness and died a few years later.

Alexander lived with various relatives and got his first job as an accounting clerk in St. Croix. There, his talent for numbers and business quickly became apparent.
