HOW IT WORKS

ENGAGING READING COMPREHENSION PRACTICE!

1

Students work individually (or in pairs) and visit 16 question cards.

2

Students will answer the questions found directly in the passage on their recording sheet.

3

Students will use that specific “decoder” to reveal a 4-digit code for each level.

INDUSTRIAL REV

The Industrial Revolution is a period of time during t great advances were made in how people work. Instead including wood, metal, and cloth items, new manufacturing doing most of the hard work.

The Industrial Revolution began in Britain and later sp of the first major inventions for textiles in England was the James Hargreaves in 1764. With the invention of looms and creating textile (cloth) became much faster and
