GEORGE WASHINGTON

George Washington was born on February 22nd, 1732. His father was a landowner and planter but died when George was young. He worked as a land surveyor in his youth, starting at the age of 17. He measured much of the state of Virginia and surrounding areas. A major part of his work was the distance between points. Washington got his first job as a surveyor from William and Mary in 1748. In his 20s, he started his military career during the Indian War before returning to Virginia to be a farmer. He later served in the Virginia House of Burgesses where he was a member of the Continental Congress.
