Jamaal couldn't believe his eyes! He had been patiently waiting for this day to arrive. In fact, he talked about it just last week! Sitting right there in front of him was the RX52, shiny, red mountain bike that he'd been eagerly wanting for months. "Well, are you just gonna stand there looking crazy?" his sister Yolanda asked. When Jamaal suddenly realized that he had been standing there for almost 5 minutes, he excitedly rushed over to his new bike! "This bike is perfect!" Jamaal yelled. "Thank you so much." "Now you and Omar can ride up those steep hills quickly," said Jamaal's mom. Jamaal couldn't wait to tell his best friend about his amazing new birthday gift. "Yes! I'm calling him right now. Yippee!"

Directions—Part 2: Fill in each blank below with the adjectives and adverbs you circled in the story above.
